COMP591 Marking Guidelines

The assessor should use the categories below to form a grade profile of the project. The overall grade is guided by this profile but not necessarily a weighted or averaged grade.

Grade	Mark		Quality of project
A++	90%–100%	**Exceptional work**	Shows critical understanding of the project; All expected features are present and in excellent quality level; Organization is clear and well structured; Shows exceptional degree of originality and is novel
A+	80%–89%	**Outstanding work**	Shows critical understanding of the project; All expected features are present and in excellent quality level; Organization is clear and well structured; Shows some originality
A	70%–79%	**Excellent work**	Shows comprehensive understanding of the project; All expected features are present and in very good quality level; Organization is clear and well structured
B	60%–69%	**Competent work**	Shows good understanding of the project; Most of expected features are present and in good quality level; Organization is mostly clear but may not be structured well
C	50%–59%	**Satisfactory work**	Shows satisfactory understanding of the project; Major expected features are present and in satisfactory quality level, but some features are omitted; Organization is mostly clear but may not be structured well
D	40%–49%	**Adequate work**	Shows satisfactory understanding of the project; Major expected features are present, though some of them may not be detail enough; Organization is not very clear and may not be structured well
E+	35%–39%	**Marginal failure**	Shows some understanding of the project; Some expected features are present, but some major features are omitted or in non-satisfactory quality level or with some faults; Organization is mostly unclear
E-	30%–34%	**Non-marginal failure**	Shows limited or fragmented understanding of the project; Major expected features are omitted or in non-satisfactory quality level or with some faults; Organization is mostly unclear
F	20%–29%	**Work shows little effort**	Shows very limited and fragmented understanding of the project; Only minor expected features are implemented; Significant faults; Organization is mostly unclear
F-	10%–19%	**Work shows little adherence to the tasks**	Shows very limited and fragmented understanding of the project; Only a few expected features are implemented; Significant faults; Organization is unclear
G	0%–9%	**Nominal or complete lack of work**	No understanding of the project; Significant failures; Chaotic organization, or no work submitted
