COMP591 Specification and Design Assessment Form

Group number:	Assessor Name:

A. Summative Assessment

Grade Awarded (A++ to G):	Signature:

Specific Assessment Criteria: The grade above is based on a profile formed from the following categories. The overall grade awarded is guided by this profile but not necessarily a weighted or averaged grade.

Category	A++	A+	A	B	C	D	E+	E- to F-	G
Project Specification									
Understanding of the project									
Aims and objectives									
Proposed solution									
Deliverables									
Conduct of project: background research, design, implementation, risk assessment									
Ethical use of data, including human data and human participants									
Project plan with dates/milestones									
Project Design									
Understanding of the problem									
Research and analysis carried out so far									
Software design									
Evaluation design									
Ethical use of data, including human data and human participants									
Review against the plan									
Quality of presentation									
Fluency / Succinctness									
Slides									
Questions and answers									
Quality of report: organization and presentation									
Fluency / Succinctness									
Coherence									
References and citations									

Justification of the grade:

B. Formative Feedback

Feedback below aims to help the student to improve the project. It is not part of the assessment criteria.

Category	A++	A+	A	B	C	D	E+	E- to F-	G
Project appears to have enough content									
Project appears to have enough originality									
Progress appears satisfactory									

Guidance for improvements:
