COMP 516
Research Methods in Computer Science
Lecture 17: Essay Review

Dominik Wojtczak

Department of Computer Science
University of Liverpool

Presentations and preliminary bibliography

- aim: present your topic and why it is interesting, make clear the research question you would like to answer in your essay

- at most 4 slides: title slide and three more with pictures (otherwise two slides enough)

- 5 minutes maximum

- no clutter

- avoid full sentences

- just key points or very short phrases

- try to include a picture

- no fancy animations

Presentations and preliminary bibliography

- deadline: this Friday (2 Nov) at 6pm

- submission by e-mail only
  - slides in PDF or Powerpoint
  - preliminary bibliography: 1 page, 12pt font, use CutePDF to create PDF from MS Word
